Unusual Evangelistic Services

The Monessen Ministerial association has unanimously decided to hold union evangelistic services, beginning February 4th.

These services will be out of the ordinary methods of proceedure. Instead of ministers proclaiming the Gospel of good tiding, laymen will take the prominent part. The local ministers will take their place among the people under the direction of the evagelists.

These evangelists are men who were notorious sinners, having been converted under the ministry of the famous Billy Sunday, and are prototypes of the noted evangelist. One of them was a saloon keeper, another a noted gambler and the third, a man of the roped arena. Since their conversion, they have been dedicating their lives in telling the power of the old Gospel to make evil men worthy of Sonship with God.

Their record is like unto Sunday's The people respond and each week of the year of evangelistic services, records hundreds of men turned to the better life through the work of these men.

The local ministers had hoped to get them three weeks sooner. They have just finished a great meeting in Jersey Shore, Pa., and are now in Bellaire, Ohio. From this place they come to Monessen. Rev. J. M. Jamieson, president of the Ministerial Associations, announced the chairmen of his committees in preparation for the campaign. The committees will be completed next Monday at a called meeting of the association at one o'clock. in the M. E. church. The committees in part are as follows:

Entertainment—Rev. G. R. Alban, J. K. Boyd.

Advertising—Rev. J. M. Jamieson, H. K. Pore, G. H. Thomas.

Music—Rev. A. H. Davies, Eli G. Wolf, Wm. Watkins.

Place of meeting—Rev. A. T. Wallace, Calvin Dils.

Finance—Rev. T. H. Hughes, H. Dallas McCabe, Will Zollars, W. I. Risheberger.

CONDUCTS "FAMOUS" WITH MUCH SUCCESS

Four years ago today, Mr. Lewis Horwitz took charge of the Famous Clothing establishment on Donner avenue, and he can be classed as one of the young men of town who has made good. The business concern he represents shows it, not only in the kind of goods handled, but the general appearance of the store always indicates good taste. Mr. Horwitz is a store man possessing natural inclinations for the business, and a man in love with his profession cannot help but succeed. Lewis is always affable in his manner and extends a cordial and welcome hand to his friends when they drop around to his place of business. May he live to celebrate.

INAUGURAL MEETING OF LOCAL BOARD OF TRADE CROWNED WITH SUCCESS

Without doubt one of the best and most spirited meetings ever held by the Monessen Board of Trade was that of last night, the occasion being the first under the direction of the new officers elected at the December meeting. E. C. Sattley occupied the chair, and after the reading of the minutes of the two last meetings and their adoption, Mr. Sattley very forcibly and earnestly outlined the policy of the organization and touched upon some of the paramount issues which will confront the people of Monessen during the year. He said in part:

Fellow members of the Board of Trade:

In bidding you welcome I would be unmindful indeed of the honor which you have thrust upon men if I did not at least give expression to a few remarks. I say thrust upon me, and advisedly, because I did not seek this election, and my first impulse was to decline same for I realized the amount of work deprivations of pleasure and oftimes misspent energy that this responsibility contemplates. Furthermore, I do not know how some of you will enjoy my leadership for I shall be somewhat exacting because I believe the work for the coming year demands it. You will find yourselves upon various committees, and it will be your duty to consider most carefully all matters referred to you, and then your result must be reported back to the Board in well defined form for their consideration accordingly. In my opinion there is much work to do, and it may not be amiss to consider for a little time the various issues which confront us.

In doing so I wish you would each make a note of the various issues which appeal to you for consideration in your respective committee work.

In the first place, the most important is that of the sewage disposal plant. To my mind this is the most serious matter which has ever come before the attention of this borough. How many of you realize that it contemplates tearing up our streets and sidewalks, putting down new sewer and building settling tanks, which expense may aggregate several hundred thousand dollars, and perhaps after the work is accomplished find that your whole system is wrong. Now, it is of record that many towns have made this very mistake, hence it behooves us to consider most carefully the proper system to install. We should all take very deep interest in this matter and try and help solve this problem.

There has been considerable talk regarding a bridge between Monessen and Donora. This is a splendid move

(Continued on fourth page)

OPPORTUNITY TO AID THE NEEDY

There are a number of families in our town who are in need of clothing The Bapitst Church is trying to do what it can for them and desires through the medium of of the papers to solicit the aid those who want to help in the work. Every community should make an honest effort to take care of the worthy poor. For this reason we ask those who have clothing, which would be useful to those in need, to bring it to the Baptist Church basement. Overcoats, underwear and shoes are especially acceptable. Articles for children such as stockings, shoes and dresses are needed. We would like to have the articles as soon as possible. The rear door of the basement is open every forenoon and the clothing and other articles may be left in the vestibule of the same. A. T. Wallace, Pastor. 92 3t.

The Bijou

"A Tale of the Wilderness" at the Bijou tonight a most exciting western drama vividly pictured and relating an old story in an entirely new manner. The attack on the frontier fort and the timely arrival of aid from the U. S. Barracks make this Biograph one of the biggest features to be had. Also showing "The Cowboy's Sister" a touching western story with a beautiful setting and a "Famous Pathe Weekly".

THE STAR THEATRE'S FINE NEW FRONT

Starting yesterday morning work was begun on the new front of the Star theatre. The old plaster and wooden decorations were torn down and a handsome new ornamental iron front is being put in, in place of it. The contract is held by the H. J. Bearer Co., and work will be rushed to early completion. This is one of the many new improvements planned for this popular playhouse which will include an entire redecoration of the inside at the close of the present season. The work has not hindered the performances and two shows are being given nightly as usual.

Local Men Carry Home High Awards

Bert Heilman, one of the firm of Heilman and Chalfant, breeders of high class fowls of the Barred Plymouth Rock strain, came home from Pittsburg last night, where they had on exhibition at the annual poultry show, their best birds, and Mr. Heilman was much elated over the records made by their coops, which is the best awards, in some respects, ever taken by Monessen breeders, their winninge being as follows:

First cockerel, third and fourth hen, third and fifth cock and fifth pen.

In addition to this they were given the special award for best bird in the American class, and also the special award for best cockerel in the entire show at Pittsburg for the year 1912.

Heilman and Chalfant are two of Monessen's most progressive men, devoting much time to poultry raising, and have from year to year taken creditable awards at neighboring shows, but this year they have brought to the town the awards always much coveted by poultrymen, and reflecting decided credit on our local men. Persons who admire fine chickens should not fail to visit Heilman and Chalfant's yards, as it will be of interest.

The Luna

People who are looking for something in the way of moving pictures can get what they are looking for by dropping in at the Luna on next Tuesday. The greatest Irish production out is "Arrah-Na-Pogue" which has been secured at an extra expense for this date only. The scenic beauties of this film are so realistic that one is transported into a different clime. Special music and only 5 Cents admisson.

Lee F. O'Brien of McKeesport search clerk in the legislative reference bureau at Harrisburg was found dead of gas in his home yesterday. The coroner decided that death was an accident and decided to hold no inquest. Mr. O'Brien was about 42 years old and leaves a wife and three children.

A Progressive Year

The meeting of the Monessen Board of Trade last night in the council chamber, taken as a criterion by which to, in a measure, judge what may be expected along the lines of the town's progress the coming year, forecasts much in the way of sound, practical advancement and general uplift, as the attendance and general interest shown by far eclipsed any session yet held in the organization's history.

Let the town—the citizens in general—and the organization committees in particular, work out the most excellent plan outlined by E. C. Sattley, the newly chosen president, in his inaugural address, the fruits at the year-end cannot fail in bringing about the results desired, as Mr. Sattley brought before the people some salient points that no progressive municipality, looking toward a sound, practical basic foundation in which to build should by any means overlook. The new president was encouraged in the vim and enthusiasm displayed by the gratifying attendance which surpassed any in the organization's history. Policies and principles to be followed out in the year's work were outlined with a hint here and there as to what would be expected of committees and what should and might reasonably be anticipated in the way of aid from the business men and the citizens in a general way.

There should be no experimenting in any way—everything done by this Board of Trade should be right and along the soundest and most practical business lines. This done the results obtained cannot and will not fall short of the desired end.

The report of the special committee on non-resident workmen being employed in our mills was complete in detail, every reasonable or unreasonable reason given by the men individually, was laid before the people and showed that the committee had spent much time on their work, as not a man had been overlooked, and the statistics are in such excellent shape as to render great aid in future simplification and adjustment along this line.

All should keep ever in view President Sattley's most salient points and suggestions during the progress of the year, as they are all sound and practical and will aid much in working out and adjusting matters which have here-to-fore been derogatory to the town's good.

Among the encouraging features of the meeting was the large attendance of business men of the town and the interest shown by them. Vice President, J. K. Boyd's remarks were of a most practical and pungent nature, and his outline of what should be done along the lines of home trading could not and should not be misunderstood.

The Merchant's committee of fifteen members should realize and feel that a great work is ahead of them and that by faithful performance of duty they can accomplish untold good, as the untangling of many of the town's most vital issues falls right in their hands and they should not and we trust will not, side step the duty. Much encouragement is felt in the future progress and success of the organization from the results already obtained by the advance of member's fees from one to three dollars annually, as the finances are now in better shape than ever before, and prospects for the successful financing of the work during the year are already very flatterting, and all in all, everything points toward the better carrying on of Board of Trade work in Monessen than in the past. This is no reflection whatever; as all work during the two years past has been well done, every official having performed his duties well and is deserving of credit, but the greater good for the coming year is only anticipated as being possible, under more encouraging conditions and a better uniting of forces by and among the people and merchants in a general way.

Were one to attempt to express, offhand, an idea or suggestion as to what in his or her honest belief, tends to promote and produce success, pure and simple, in business, public or private, or along any walk of life, that expression might and could be so condensed and simplified as to be told in one short word, "optimism."

Confidence in self, confidence in surrounding conditions, confidence in our fellow being and confidence in the future, with a total ignorance of what is behind us, or what we may have passed through, or in other words a persistent pressing and looking forward instead of backward, will ever prove the greatest incentives leading to assured success in life, no matter in what position we may be placed professionally, financially or socially.

A Tennessee prophet, so-called who evidently hath no honor in his own country, has predicted that an earth quake will occur in the State of Pennsylvania during the year 1921 that will wipe out 900,000 lives and destroy millions of dollars worth of property. Our prediction is that nothing of the sort will happen and that man will be entitled to another guess. We'll wait and see who is right.

GREENSBURG MAN IS HIGHLY HONORED

Westmoreland county has just reason to feel proud of the honor bestowed upon one of her sons by President Taft when Cyrus E. Wood of Greensburg was appointed to be Envoy Extraordinary and Minister Plenipotentiary to Portugal from the United States, and it is thought probable that the appointment will be sent to the Senate today for ratification.

The Portugal legation is located at Lisbon, and it is expected that Minister Woods will go there soon. George L. Lorrilard is secretary of the legation and William M. Colvin is the military attache. An annual salary of $12.000 attaches to the position.

Minister Woods was formerly a member of the Senate of Pennsylvania from Westmoreland county. He was president pro tem of that body.

He abandoned the senate four years ago to become general counsel for the Pittsburgh Coal company and will resign that place at once. He is a comparatively young man.

Minister Woods is a native of Clearfield county. He read law in Philadelphia and almost immediately after being admitted to the bar came to Westmoreland county and for years was a member of the Gaither and Woods law firm.

Portugal is a republic. Only recently the form of government there was changed. The embassy is regarded as one of the most attractive posts within the gift of the President of the United States.

The Portugal climate is one of the attractions attending the appointment.

BOY'S MURDERER IS STILL UNCAUGHT

A special from Donora to the Daily Independent is to the effect that all efforts to capture the foreigner who shot and instantly killed Jack Brown, a fifteen year old lad, Wednesday night, have proven futile. The Donora police and numerous posses have searched the surrounding country thoroughly, but not the slightest clue to the murderer's whereabouts could be found. A foreigner arrested at Monongahela during Thursday failed of identification by the dead boy's companions who were present at the shooting.

Experience Boy Will Remember.

While exploring one of the big disused Martello towers near Waterford harbor, Ireland, which was formerly used for military purposes, a boy named Charles Cummins had a terrible experience a few days ago. When he pushed open one heavy iron door it suddenly banged and shut on his fingers. In agony, he shouted for help, but he was kept a helpless prisoner all night, and till late next morning, when he was rescued by a passer by.

DOUBLY PROVEN

Monessen Readers Can no Longer Doubt the Evidence

This Monessen citizen testified long ago.

Told of quick relief —of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive. It forms convincing proof of merit.

Mrs. Burns Wadsworth, 270 Donner avenue, Monessen, Pa., says: "I was in poor health for some time and suffered almost constantly from backache. I was subject to chills and dizzy spells. Knowing that Doan's Kidney Pills were good for kidney complaint, I procured a supply from the Hirsch Drug Co. Their use helped me from the first and before long I was cured. I am now enjoying good health and my kidneys do not bother me in the least" (From statement given Oct 2, 1907.)

A PERMANENT CURE

Mrs. Wadsworth was interviewed on Nov. 9, 1909 and she said: "The cure effected by Doan's Kidney Pills in my case has been permanent. I have recommended this remedy to my friends on several occasions and all who have used it, speak highly of the results received,

GRAY HAIR MAKES YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients, which make a delightful dressing for the hair, by which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out, and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyeth's Sage and Sulphur from your druggist to-day, and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Inaugural Meeting of Local Board of Trade

continued from first page

ment and one, I believe, which could be accomplished by a vigorous campaign, came to be built by the counties of Westmoreland and Washington with possible help from other sources. In fact, with a bridge connecting these two towns the solution of a first class road to Donora and Webster, as well as farther, would be easy. But in the meantime, we must have a road to Webster. and better still to Monongahela, thus conecting up with the finished road to Pittsburg, and it should start from Belle Vernon. Furthermore, our borough should finish the conecting link between the end of the pavement on Schoonmaker avenue and the new Pricedale road.

The question is always before us regarding cleaner streets, alleys and back lots. We must have better sanitary conditions, for the fact that the mortality in Monessen is low, does not mean all it would seem, for bear in mind our town is made up of young people and the death rate should be small. Everything considered, it may be that our mortality is above the average; anyhow, we know we must have better sanitary conditions and it is up to the Board to insist upon same. It should not be necessary to have periodical clean-ups We should keep clean, and that was the understanding when the extraordinary efforts were resorted to last summer, but are these conditions being observed, and if not, who is to blame for it?

The garbage question is a very important proposition and shouldn't the borough handle same themselves?

A very important committee this year will be the "Merchants' Bureau," for they need to be aroused to greater activities. Much of our work is a direct benefit to them and I fear they haven't appreciated the efforts in their behalf.

Gentlemen. if this Board stands for anything it stands for work and co-operation, and unless I have your co-operation, I wish to quit before I begin. But believing you are willing to go long, and each of you work, individually and collectively, in a forceful and harmonious way, I will accept the honor conferred upon me, and, as far as my time will permit, do my level best to help direct the work, but I shall insist upon harmonious activities.

In conclusion, remember the old adage: "United we stand, divided we fall."

His remarks were well received and called forth considerable applause, which showed conclusively that his ideas would be concurred in by the members of the organization. The attendance was the largest of any meeting outside of the annual meeting, which is the occasion for the election of officers. The reports of the committees were heard and among the most interesting was that of the special industrial committee appointed to investigate why so many workmen in our mills live in other towns. This report was listened to with the most profound attention, for it showed that the committee had spent much time both in getting the information and compiling it.

In the five big mills of Monessen there are employed 5,738 workmen and that number 361 live in other places. The report was surprising in the comparatively few who live elsewhere. Of this number 121 live in Charleroi, 109 in Belle Vernon, 5 in Rock View, 10 in Donora and 46 in Gibsonton. The causes assigned were as follows: "Difficulties in rent and other expenses"—154; "desire to live with home folks or friends"—65, "owning property at other places"—124; "boarding at more reasonable rates"—5; and four gave no cause. In answer to the question, "would you live in Monessen, all conditions being equal," affirmatively 151; negatively 31; and 159 gave no answer. In the answers the committees found that many of the people are able to get a smaller number of rooms which reduces their rent. The report shows that groceries and produce and other necessaries of life are higher in the local markets than elsewhere, while clothing and general merchandise are on an equality or in many cases lower than in other towns, or in the city. The entir report was comprehensive and worked out in detail, which demonstrated that the committee worked persistently and intelligently to bring before the people of the town information that would assist in solving a big problem. The committee was composed of J. A. Sheetz, C. C. Duvall, H. W. Day, C. R. New, A. W. Davis, D. P. King and George Sherman. The report was acepted and the committee discharged with thanks.

The report of the Good Roads committee showed progress of the Belle Vernon-Webster road and the treasurer's report showed more than $2,000 of a balance. The membership committee reported the membership 206 with a majority in favor of raising the dues from $1.00 to $3.00 a year. This requires a change in the by-laws, and a vote will be taken at the next meeting. All committees except the special membership committee were discharged with last night's meeting, and Mr. Sattley asked that all members who have preferences for the kind of work they wish to do confer with him, so they can receive consideration when the committees are made up. All committees will be named at the next meeting.

ONCE MONESSEN MAN PROSPEROUS

J. L. Nayhouse, formerly of the clothing firm of Nayhouse Bros., of Schoonmaker avenue, Monessen, who for some time, has been in business in McKeesport, has just purchased the well known and well established clothing and men' furnishing store of Louis Raden, of that city. Mr. Nayhouse is a son-in-law of Mr Raden, and a brother of Abe Nayhouse, of Monessen. He will make extensive improvements, increase the line of good and change the name of the store to "The Good Clothes Store."

"Jake" as he is familiarly known, went from Monessen to McKeesport about six years ago and entered into partnership with Mr Raden. Upon the latter's decision to retire from mercantile life and devote his entire attention to his large oil business in Pittsburg, Mr. Nayhouse bought his interest and is now sole proprietor. He is aggressive and clean cut, tremendously popular with the store's old trade and with hundreds of younger men, and his friends both in McKeesport and Monessen heartily wish him all kinds of success

MADAME X SHOW MUCH APPRECIATED

Madame X has come and gone and the impression left behind is one of which the company may feel justly proud, for the verdict generally is, that it was by many odds the best dramatic production ever witnessed in the Monessen opera house. The company was an exceptionally strong one being well balanced through out and the support given Miss Adelaide French was such as to create almost equal favoritism for each player at the hands of the enthusiastic and appreciative audience which filled the house to its capacity. Much credit is due Manager Dils for his efforts to engage shows of this high order, and the excellent judgment shown generally in his management of the house this season.

High School for Irwin

A meeting of the school boards of Irwin, North Irwin and North Huntingdon township was held last evening to effect a permanent organization with a view to erecting a joint high school building near there. E. G Cope, of the township was elected president, J. C. Carroll of North Irwin, secretary, and John Hamburg, treasurer. The school board plans to erect a building to cost between $75,000 and $100,000.

Women After Butter Barons

The Congress of Women's Clubs of Pittsburg an organization composed of wealthy men's wives will immediately take up the fight against the "butter barons" whom they hold responsible for the price of butter jumping to sixty cents a pound.

The club will call a meeting next week at which steps will be taken to boycott Elgin creamery butter for thirty days. The plan is to circulate phamphlets throughout the country urging house wives to use oleomargarine until the "butter barons come down off their perch" as one of the women put it.

The club women of Pittsburg are so incensed that they will call on congress for an immediate investigation of the subject.
